GERIATRIC CARE MANAGEMENT**

*welcome
to the
family...*

Bayshore Health & Homemaker Services, Inc. was founded in 1986 by the Atkinson family with the mission of providing affordable and exceptional nursing services in the home. Today over two decades later, Bayshore is still family owned and operated. Moreover, in the present day world of corporate giants, where clients and patients have become a file number, it's good to know that we at Bayshore have maintained our family values and ethics. Carrying on in the family tradition is more than just servicing patients or clients, it's making sure that each patient or client is treated as an individual, honoring them with respect and preserving their dignity.

Likewise, since home is truly our haven and where we feel most comfortable and secure, it seems only natural that this is where we should be surrounded by family and friends in the comfort of our own home. Our goal here at Bayshore, is to keep our patients and clients in their home, while maintaining their independence and providing unparalleled support to ensure that quality of life is not compromised but rather enhanced.

Affordable, quality care provided by an accomplished team of professionals is what you can expect from Bayshore. Our family welcomes you to the Bayshore Family!

...experience the difference!
